

Powerful design, trusted brand, evolution at its best.

New Range of IP66 Plugs & Connectors 32A, 40A & 50A

Tougher Plugs for a Safer Workplace

Schneider Electric's new 56 Series™ size 2 plugs have undergone a design upgrade. This new release brings the offer of "size 2", 32A and above plugs & connectors up to date with the rest of the 56 Series™ range. Not only do they have the revolutionary MACTRO™ cord clamp and cable seal system they too have snap bodies, an improved ergonomic shape, and a new bigger lock ring making them easier to use.

Features and Benefits
